Public Trustee fees and charges.

When we support you with your money and **belongings**, there are some fees.

Fees are payments to us for managing your money and belongings.

Fees can be different for everyone.

Your CAM can tell you about the fees for your situation.

Your statement will also tell you what you have paid us.

What are the fees?

How much you pay depends on

- If you are on an emergency or full order

- Your income

- The number of payments we make for you

- How much money you have or the value of your belongings.

The fees come out of your account **automatically.**

You do not need to do anything.

Fees include:

Payment processing - is a fee we get each time we pay a bill, transfer money, or give you a voucher.

Investment management - is a fee we get if you have money invested in our investment fund.

Income commission - the fee we get when money comes into the account we manage. E.g. receiving your pension.

Capital commission - is a fee we get for money and valuable items we look after when they are:

- Collected.
- Sold.
- Transferred to someone else.
